

1st prize - Minelab SDC 2300

Thanks to our major corporate sponsor Minelab, you have the chance to win the legendary **SDC 2300** – a serious machine for serious prospectors. Find elusive sub-gram nuggets on land & underwater!

The SDC 2300 is very sensitive to small gold scattered in heavily mineralised ground. This gold is often missed by prospectors with both VLF and PI detectors because of the difficult ground conditions and fine gold size.

You can now detect the small gold missed in previously searched areas. These small gold finds can lead the way to new patches and bigger gold deposits.

Easy Patch Hunting

Search quickly and efficiently in hard to reach and remote places to find those elusive gold bearing clustered deposits.

For more information on the **Minelab SDC 2300** click here [SDC-2300](#)

2nd prize - Minelab Vanquish

Again, thanks to our major corporate sponsor Minelab, you have the chance to win **Minelab's** brand model the **VANQUISH**.

VANQUISH

FIND MORE, FASTER
Revolutionary Multi-IQ delivers speed, depth and precise identification of all metals across all soils.

MORE TREASURE, LESS TRASH
Iron Bias control gives you maximum results, so you can hunt out treasure hiding amongst trash.

TURN ON AND GO
In seconds VANQUISH auto-selects the best settings for your soil — no need to choose frequencies or ground balance.

AUDIO CONTROL
Automatic noise canceling, lag-free audio response and 10 volume settings put you in control.

PACK AND CARRY
1.3 kg (2.8 lbs) light with a unique collapsible snap-lock system makes it easy to pack and go.

FIND TREASURE. ANYWHERE.

PARK FIELD BEACH

MULTI-IQ — all metals, all soils, all the time
BEACH ADVANTAGE — maximum beach performance
PINPOINTING — extreme precision (440/540)
8", 10" & 12" COIL OPTIONS — highly adaptable and waterproof
WIRELESS HEADPHONES — enhanced comfort (540*)
IRON BIAS — more treasure, less trash (540)
RED LED BACKLIGHT — low-light vision (540)

EASY-TO-USE GRAPHICAL INTERFACE
WATER RESISTANT (With included Rain Cover 440/540)

Choosing the right Search Mode will help you find more of what you're looking for:
 The VANQUISH 340 has three Search Modes that each have unique Discrimination Patterns:
 COIN JEWELLERY ALL-METAL
 The VANQUISH 440 and 540 have four Search Modes that each have unique target separation and depth abilities:
 COIN RELIC JEWELLERY CUSTOM

6", 10" & 12" SEARCH COILS AVAILABLE
WATERPROOF Up to 1m (3.3 ft)

LIGHTWEIGHT AND COMPACT.
ONLY 76 cm (30 in) WHEN COLLAPSED.

Simple yet powerful, it's perfect for anyone starting out or stepping up their detecting game.

With ground-breaking Multi-IQ technology, multiple Find Modes, lightweight collapsible design, and much more this is the detector you've been waiting for.

For those with PI Gold detectors, who wish to venture into coin, relic and jewellery hunting, the **Minelab Vanquish** is a great second detector with an attractive price.
